

Where the Dead Ships Dwell

In Flames

Big picture slowly fades,
Walls are closing in,
And there I was, cursing the ground,
Unable to understand I won't let the world break me
So I need to change direction
Nothing special I'm far from perfect
Like the way for me I was running an endless mile
Last candle burns
And I'm dying inside
All of this will turn to ash
A change for a piece of mind Walking where the dead ships dwell
These are shores I left behind
Streets were getting smaller
And I have to leave I was running an endless mile,
Last candle burns
And I'm dying inside
All of this will turn to ash
A change for a piece of mind [Solo] All I hear is noise
Heart so false
So guess, I took it for granted
I know I went too far
I won't say I'm sorry
I got what I deserved
I got what I deserved I was running an endless mile,
Last candle burns
And I'm dying inside
All of this will turn to ash
A change for a piece of mind I was running an endless mile,
Last candle burns
And I'm dying inside
All of this will turn to ash
A change for a piece of mind
