Time Meant Nothing

TeePee

the deeper, the deeper he digs,
the longer he'll take to quit
the younger, the younger he dies,
the longer she will cry

it's proven time will heal
but she thinks it's a lie
it's proven time will fly
but he thinks it's a lie

the weaker, the weaker she feels,
the stronger he will deal
her prayers, don't feel real,
the longer she'll take to heal

it's proven time will fly
but she thinks its a lie
it's proven time will heal
but he thinks it's a lie
