

Let's Take a Ride

Norman Brown

Hop in the car, go with me
You don't have to pack everything
Don't you wanna feel the breeze
And forget everything, baby?
Hop in the car, go with me
You don't have to pack everything
Don't you wanna feel the breeze
And forget everything, baby?
Got laid off at your job today
You've been working at this place for years
And though you were underpaid
Mommy that place isn't worth your tears, oh oh
I know that life is hard on you
And you can't seem to find out why
I'll explain, just grab your coat, girl
And just join me on this ride
Let's take a ride on the country side
Let's just get away
We can spend the night till the morning light
Let's just get away
Girl you're the best
You could be an angel among society
But you get crushed from what you see
You try to hard to help and that's enough for me
Try to change what you can
And accept all the things you cannot
(Don't stress yourself baby)
I know you wanna fly away from the world
But for now with the time we've got
Let's take a ride on the country side
Let's just get away
We can spend the night till the morning light
Let's just get away
Let's take a ride on the country side
Let's just get away
(Let's just get away)
We can spend the night till the morning light
Let's just get away
(Let's just get away)

Maybe if you consider, us just riding
(Just think about it)
Once you feel like a winner, no more crying
Baby I know just what you need
(I know)
To let your hair down
(Hey, hey, hey)
So that you feel free
(Yeah, yeah, yeah, yeah)
It hurts me to watch you sing the blues
(It hurts me baby)
Girl, you're so confused
(Let's get away)
I know what to do
Let's take a ride on the country side
Let's just get away
(Let's just get away)
We can spend the night till the morning light
Let's just get away
(Let's just get away)
Let's take a ride
Hop in the car and go with me
You don't have to pack everything
Don't you wanna feel the breeze
And forget everything, baby?
(Let's take a ride)
Hop in the car and go with me
You don't have to pack everything
Don't you wanna feel the breeze
And forget everything, baby?
(Let's take a ride)
Let's go girl
Let's go girl
Let's go girl
Let's go girl
