

The Black Cat Neighbourhood

Fallulah

The black cat, the black cat, the black cat
The black cat neighborhood Licking, licking on the street
Licking, licking on the street
Licking, licking on the street
You know you're not invited Tidbits, tidbits are all you get
Tidbits, tidbits are all you get
Tidbits, tidbits are all you get
You go to sleep unlighted
Soft coat, light stroke
Sharp teeth, you bleed
If you don't succeed in becoming
Part of the neighborhood
Soft coat, light stroke
Sharp teeth, you bleed
If you don't succeed in becoming
Part of the neighborhood
