

# Bless the Broken Road

## Music-Themes

I set out on a narrow way, many years ago  
Hoping I would find true love along the broken road  
    But I got lost a time or two  
    Wiped my brow and kept pushing through  
I couldn't see how every sign pointed straight to youEvery long lost dream led me to where you are  
    Others who broke my heart, they were like northern stars  
    Pointing me on my way into your loving arms  
This much I know is trueThat God blessed the broken road  
    That led me straight to you  
Yes He didI think about the years I spent, just passing through  
    I'd like to have the time I lost, and give it back to you  
    But you just smile and take my hand  
    You've been there, you understand  
It's all part of a grander plan that is coming trueEvery long lost dream led me to where you are  
    Others who broke my heart,  
    they were like northern stars  
    Pointing me on my way  
    into your loving arms  
This much I know is trueThat God blessed the broken road  
That led me straight to youBut now I'm just rolling home into my lover's arms  
    This much I know is trueThat God blessed the broken road  
    That led me straight to youThat God blessed the broken road  
    That led me straight to you
