

In love with insanity

Tracedawn

Make your move on me. queen of confusion
With open arms I await
Let me feel your love upon me
Your arms around me
You called my name at the darkest of moments
And gave me a will of my ownI'll keep you locked away
I'll keep you for meYou are my mistress. I am your slave
Alliance eternal. together we exist
Silence of mind I could not bare
Without your voice I'll go insaneKeep me safe. keep me saneMy headechoes your now silent words
In white sheets I lay. silent and pale
Our love was true. our love was pure
Did it mean nothing to you
You kept me safe. you kept me sane
And took it all awayYou left me all alone
To the mercy of the worldKeep me safe. keep me sane
