Step Up

Drowning Pool

One, two, three, go
Broken
Yeah, you've been living on the edge of a broken dream
Nothing
Yeah, that's the only thing you'll ever take away from me
I'm never gonna stop and never gonna drop
Ain't no different than it was before
So take some good advice, you better stop and think twice
Before you take your first step out that door
If you wanna step up
(Step up)
You're gonna get knocked down
(Knocked down)
If you wanna step up
(Step up)
You're gonna get knocked down
You had your chance to walk away
Live to see another day
If you wanna step up
(Step up)
You're gonna get knocked down
(Knocked down)
You're gonna get knocked down
Suffering
Yeah, that's the only thing here that's left for you
Nothing
Yeah, that's the only thing you're ever gonna, can do
I'm never gonna stop and never gonna drop
Ain't no different than it was before
So take some good advice, you better stop and think twice
Before you take your first step out that door
So if you wanna step up
(Step up)
You're gonna get knocked down
(Knocked down)

If you wanna step up
(Step up)
You're gonna get knocked down

You had your chance to walk away
Live to see another day
If you wanna step up
(Step up)
You're gonna get knocked down
(Knocked down)
You're gonna get knocked down
You're gonna get knocked down
And now you've crossed that line
You must be out of your mind
Go
If you wanna step up
(Step up)
You're gonna get knocked down
(Knocked down)
If you wanna step up
(Step up)
You're gonna get knocked down
You had your chance to walk away
Live to see another day
If you wanna step up
(Step up)
You're gonna get knocked down
(Knocked down)
You're gonna get knocked down
You're gonna get knocked down
(Step up)
You're gonna get knocked down
You're gonna get knocked down
(Step up)
You're gonna get knocked down
