

Dead Silence

Crimson Tears

You'll never figure this out
This is the reason the world
 Is filled with doubt
You'll never figure this out
This is the reason the world
 Won't shut their mouth
 Shut your fucking mouth
Who the fuck do you think you are?
I am willing to listen but I'm not willing
 To follow these hollow words
 They kill, they rape
 They destroy everything
 Stop wasting your life
 Telling me when I'll lose mine
 Your words will be erased
 When I seal your mouth
 And pull your tongue right
 Through your throat
We are the ones who control our lives
 Never let them decide
 When we will meet our demise

 We refuse these lies
 You'll never figure this out
 Who the fuck do you think we are?
 How can you sit there and tell us
 When we will die, then it fails us again
 You bleed, we bleed
 What's the point of these lies?
 Stop wasting your life
 Telling me when I'll lose mine
 You'll never figure this out
 You'll never figure this out
 How can you be one with the dead
 When you're split in fucking two?
 How can you be one with the dead
 When you're split in fucking two?
 How can you be one with the dead?
 It's better left unsaid

We are the ones who control our lives
Never let them decide
When we will meet our demise
We refuse these lies
