# Bullet Comes

## The Charlatans

Sometimes you cry, cry sometimes
what you gonna do when the bullet comes round
what you gonna do when the seas are down
lickin' like a lion with a big cat heart
checkin' in the dark being quick bein' smart
live it like you love it
do it let's go
blowin' with the giant
fe fi foStuck on the way you walk
hooked on the way you talk
Stuck on the way you walk
hooked on the way you talkTell me it's the way you feel
and not the place you hold your dreams baby
it's not where you areTell me it's the way you feel
and not the place you hold your dreams baby
it's not where you areOne day we'll fly
fly from the wack 'o' ma mind
hope you're here to stay
to see the bullets come round
people 'working out' with their sun hats onKiss me like a tiger
with a big cat heart
I'll read it if you buy it
feelin' quick bein' smart
lookin' at the devil
blowin' with the giant
fe fi folive it like you love it
live it like you love it
live it like you love it
