

# Bullet Comes

## The Charlatans

Sometimes you cry, cry sometimes  
what you gonna do when the bullet comes round  
what you gonna do when the seas are down  
lickin' like a lion with a big cat heart  
checkin' in the dark being quick bein' smart  
live it like you love it  
do it let's go  
blowin' with the giant  
fe fi foStuck on the way you walk  
hooked on the way you talk  
Stuck on the way you walk  
hooked on the way you talkTell me it's the way you feel  
and not the place you hold your dreams baby  
it's not where you areTell me it's the way you feel  
and not the place you hold your dreams baby  
it's not where you areOne day we'll fly  
fly from the wack 'o' ma mind  
hope you're here to stay  
to see the bullets come round  
people 'working out' with their sun hats onKiss me like a tiger  
with a big cat heart  
I'll read it if you buy it  
feelin' quick bein' smart  
lookin' at the devil  
blowin' with the giant  
fe fi folive it like you love it  
live it like you love it  
live it like you love it
