

# Stormy Weather

**Tanya Tucker**

Sometimes you can be like a stranger  
In moments when you're so far away  
In the night when I reach out to hold you  
You just turn away, why do you turn away? Oh, I love you so when you're smiling  
But your smile has faded overnight  
Well, we stay like this for a lifetime  
Gettin' nothing right, oh baby, gettin' nothing right Why do we always have stormy weather?  
Why should we have it so rough?  
Is it so hard just to stay close together?  
Why can't we ever have love? Oh, I knew from the first time I saw you  
I just had to make you mine  
I felt so sad when you told me  
About your troubled life, all about your troubled life So here we are just a few years further  
We're still tryin' to make it work  
Now I've a feeling what you really need, boy  
Is just a little love, oh baby, just a little love Why do we always have stormy weather?  
Why should we have it so rough?  
Is it so hard just to stay close together?  
Why can't we ever have love? Why do we always have stormy weather?  
Why should we have it so rough?  
Is it so hard just to stay close together?  
Why can't we ever have love?
