

# For What It's Worth

## Placebo

The end of the century  
I said my goodbyes for what it's worth  
I always aimed to please but I nearly died  
For what it's worth come on lay with me  
'Cause I'm on fire for what it's worth  
I tear the sun in three to light up your eyes  
For what it's worth  
For what it's worth  
For what it's worth  
Broke up the family  
Everybody cried for what it's worth  
I have a slow disease that sucked me dry  
For what it's worth come on walk with me  
Into the rising tide for what it's worth  
Filled a cavity, your God-shaped hole tonight  
For what it's worth  
For what it's worth  
For what it's worth  
For what it's worth  
For what it's worth  
For what it's worth  
No one cares when you're out on the street  
Picking up the pieces to make ends meet  
No one cares when you're down in the gutter  
Got no friends, got no lover  
No one cares when you're out on the street  
Picking up the pieces to make ends meet  
No one cares when you're down in the gutter  
Got no friends, got no lover  
For what it's worth, got no lover  
For what it's worth, got no lover  
For what it's worth, got no lover  
For what it's worth, got no lover  
For what it's worth, got no lover  
Got no friends, got no lover
