Torture

Cavalera Conspiracy

Advisory - the following lyrics contain explicit language:

Torture!
Ripping nails, water boarding,
Electric shock
Crucified, brutalized,
Left to die
Interrogation, humiliation,
Cut off tongue
Isolation, desperation, die alone
Torture.
Motherfucking torture...
Torture
Motherfucking torture...
Eye lids cut, limbs are gone,
Seperation
High voltage on your head,
Hallucination
Scarface, scarhead, mutilation
Extreme agony sets you free
Torture.
Motherfucking torture...
Torture
Motherfucking torture...
