

Somewhere Somehow

Wet Wet Wet

If you're there and you care,
And you listen very careful darling
You'll hear my prayer
And if you hear, loud and clear
You would get a million kisses from me
Somewhere, somehow
And if the night's a lonely time for you,
Just listen to the words I gave to you,
Let the song of ours play one more time
Somewhere, somehow,
I'll be there
Went out walkin' in the morning
Standing in the pouring rain
Let it run all over me
Stayed up late last night
Tryin' to put all the things right
Then your tears roll over me
And if the night's a lonely time for you,
Just listen to the words I gave to you,
Let the song of ours play one more time
Somewhere, somehow,
I'll be there
If you're there, and you care,
You'll get a million kisses from me
Somewhere, somehow
And if you feel like I feel
Love cuts the deepest part of me
Somewhere, somehow
And if the night's a lonely time for you,
Just listen to the words I gave to you,
Let the song of ours play one more time
Somewhere, somehow,
I'll be there
