

# Peace In A Time Of War

Soja

They say that Bush could be my president,  
but really InI don't care.  
They say Cheney makes my decisions,  
but he don't, so I'm just not there.  
and I'm gonna see the same lies  
coming in the next 4 years,  
so pardon me if I don't cry when  
your election goes the way it did.Chorus  
I need some peace in a time of war,  
some peace in a time of political war.they say that we elect our leaders  
to lead forward and make decision.  
but i never heard their policy on war  
discussed during an election.  
and it seem that war is something over which  
people have no prevention.  
but the people want it anyway and  
so they elect some destruction.Chorusland of the free, and  
foreign bullets never touch our pavement.  
it seem to me, people know not  
the extent of their involvement.  
things are not as they seem,  
underneath the beast is not clean.  
but we support the leaders who use  
media to make them seem so clean
