

# Everybody Else Is Wrong

## Epic Soundtracks

Everybody else is always putting you down  
But they don't know you like I do  
And everybody else keeps spreading rumors  
That I know just untrue  
And everybody else keeps telling lies  
You know they hurt me like they hurt you  
And everybody else is wrong

Do you have the time to talk it out with them  
And try to understand the way  
That they feel  
Do you really have the time to sit right down  
And try to understand the things  
That they do

And everybody else is so fucked up  
They just haven't got a clue  
They think that cool to just sit around  
And tell you what to do  
But I know this, and it's the truth  
They mean nothing without you  
You gotta believe in what you do

Do you have the time to talk it out with them  
And try to understand the things  
That they do  
Do you really have the time to sit right down  
And try to understand the way  
That they feel

If I could I would change their minds  
No one will ever be as cool as you out there
