Mine

Sweet Tempest

[Verse 1]
I won't back down
I got my crown
And it's mine
It's all mine
It craves design
It takes my time
Because it's mine
It's all mine

[Chorus]
At night when the tempest blows out
Where the whirl gets on like a smear of blood
Our bodies mesmerize
It's like a superiour life
I'll touch and tear my way through the light
And our bodies fantasize

[Verse 2]
I won't back down
I got my crown
And it's mine
It's all mine
It craves design
It takes my time
Because it's mine
It's all mine

[Chorus]
At night when the tempest blows out
Where the whirl gets on like a smear of blood
Our bodies mesmerize
It's like a superiour life
I'll touch and tear my way through the light
And our bodies fantasize

[Bridge]
On my skin
Under mine
In the end

It's all mine

[Chorus]
At night when the tempest blows out
Where the whirl gets on like a smear of blood
Our bodies mesmerize
It's like a superiour life
I'll touch and tear my way through the light
And our bodies fantasize

[Outro]
Won't back down
I got my crown
And it's mine
It's all mineï»¿
