

# Mine

## Sweet Tempest

[Verse 1]

I won't back down  
I got my crown  
And it's mine  
It's all mine  
It craves design  
It takes my time  
Because it's mine  
It's all mine

[Chorus]

At night when the tempest blows out  
Where the whirl gets on like a smear of blood  
Our bodies mesmerize  
It's like a superiour life  
I'll touch and tear my way through the light  
And our bodies fantasize

[Verse 2]

I won't back down  
I got my crown  
And it's mine  
It's all mine  
It craves design  
It takes my time  
Because it's mine  
It's all mine

[Chorus]

At night when the tempest blows out  
Where the whirl gets on like a smear of blood  
Our bodies mesmerize  
It's like a superiour life  
I'll touch and tear my way through the light  
And our bodies fantasize

[Bridge]

On my skin  
Under mine  
In the end

It's all mine

[Chorus]

At night when the tempest blows out  
Where the whirl gets on like a smear of blood  
Our bodies mesmerize  
It's like a superiour life  
I'll touch and tear my way through the light  
And our bodies fantasize

[Outro]

Won't back down  
I got my crown  
And it's mine  
It's all mine»;
