

When Life

Groove Coverage

Strophe I:

I defy myself, I`m living in a lie, like no-one else.
Just take a look and you will see, that paranoia is a part of me...
But there are days without an end, there is enemy and friend...
Please God help me to survive this life!

Strophe II:

Look behind-go ahead, many things, that make you sad-
you can change your way.
