Guided By Voices

Fuck fuck fucking fuck
I'm going mobile
I'm on the road now
Now watch my feet move
Go go
I'm going mobile
I'm gonna move now
I'm on the go now
From room to room now
Go go
From street to street now
From town to town now
I kept at moving
I kept at moving
I'm going mobile
Go move move go
Move
I'm going mobile
I'm going mobile
