

Sexy Mama

Mumzy Stranger

Check it up, come on
i'm in the city, sexy mamma girl you're looking pretty
so girl can you get your friends?
So this is my party, gonna set you on fire, every time i'm looking at you girl you're on
You gonna see my picture on the playasI'm from east London, come and enter my kingdom
connection, girl when i see your body you're my selection
Sexy mama, tell me what's your perfect night?
And i know that you want it all this time
Cause girl see your body rise i gotta lead us apartwhen i see so many girls
Sexy mama tell me is come on, bring it onI'm from east London, come and enter my kingdom
connection, girl when i see your body you're my selection
Sexy mamma, tell me what's your perfect night?
And i know that you want it all this time
Cause girl see your body rise
