

Beautiful Eyes

Glenn Lewis

Beautiful eyes, something 'bout the way you look at me
Is making me feel like this is a love for all time
Beautiful eyes, something in your eyes has got me hypnotized
That I wanna stay in this dream for life You're my wonderful miracle so precious to my heart
I never thought it could be this incredible to have you
(To have you)
In my life you have completed me
You got me, opened me
In love I always wanna see your
(See your) Beautiful eyes, something 'bout the way you look at me
Is making me feel like this is a love for all time
Beautiful eyes, something in your eyes has got me hypnotized
That I wanna stay in this dream for life Heaven must have sent you to me
I know you're all I need
(All I need)
To keep me going on from day to day
You're like sunshine and rain
With you I have no fear but feel no pain
Tears of joy, I cry every time I see your eyes Beautiful eyes, something 'bout the way you look at me
Is making me feel like this is a love for all time
Beautiful eyes, something in your eyes has got me hypnotized
That I wanna stay in this dream for life Beautiful eyes, something 'bout the way you look at me
Is making me feel like this is a love for all time
Beautiful eyes, something in your eyes has got me hypnotized
That I wanna stay in this dream for life (Beautiful eyes, beautiful eyes)
(Beautiful eyes, beautiful eyes) Beautiful eyes, something 'bout the way you look at me
Is making me feel like this is a love for all time
Beautiful eyes, something in your eyes has got me hypnotized
That I wanna stay in this dream for life Beautiful eyes, something 'bout the way you look at me
Is making me feel like this is a love for all time
Beautiful eyes, something in your eyes has got me hypnotized
That I wanna stay in this dream for life Don't wanna go nowhere
Just wanna stay right here
Your beautiful eyes
Captivated (Beautiful eyes, beautiful eyes)
