Shooting Arrows at the Sky

Santigold

Was the story now all the talk is in the way
She got an opinion like devil's and it's how they said
Not like the others, I gotta a genie of my own
Watch you fumble yet another
Get wasted like the ones beforeOut of my way!
You missed with your magic
Out of my way!
You see, you missed with your magic
Out of my way!
You see, you missed with your magic
I'm fighting when you fallback
I'm shooting arrows at the skyHe didn't want it but didn't recognize the call
I don't believe it, they'll write the ending for us all
Thinking about it, the capturers around us all
So I'll build me a bubble to build what I know will holdOut of my way!
You missed with your magic
Out of my way!
You see, you missed with your magic
Out of my way!
You see, you missed with your magic
I'm fighting when you fallback
I'm shooting arrows at the skyI know you did it and I know, hero
I know you did it and I know, for what?
I know you did it and there's no way I could
But it will hold me down, I'm waiting for youOut of my way!
You missed with your magic
Out of my way!
You see, you missed with your magic
Out of my way!
You see, you missed with your magic
I'm fighting when you fallback
I'm shooting arrows at the skyYou're shooting arrows at the skyOut of my way!
You missed with your magic
Out of my way!
You see, you missed with your magic
Out of my way!
You see, you missed with your magic
I'm fighting when you fallback

I'm shooting arrows at the sky
