House In the Clouds

Perry Blake

I left my house in the clouds
I walked into someone's afterlife
She kept a pill in her hand
To take when we were about to landDid you try
To let it go on by?
Did you try?
The needles and the uniforms
A schoolgirl and a unicorn
Eclipse a love with a loss
I sought comfort in her underwear
I shaved my face twice a day
Those crazy lambs
They will suffocateDid you cry
Or let it go on by?
Did you cry?
The aftertaste of something warmer
Of schoolgirls and of unicorns.Did you try to let it go on by?
Did you try?
The schoolgirl and the unicorn
The needles and the uniforms;
