I Hear Music Everywhere

Barney

Music's always inside my head
Yes, all day long, till I go to bed
I hear the wind through the trees
The buzzing of the bees
The rumble of the train
The pitter-patter of the rainCan you hear it?
I hear music everywhere (wowzer)
Everybody, can you hear it? (sha-pop-pow)
It's the sound that fills the air
Yes, I hear music everywhereIf you listen, you'll hear the sound
The sound of music is all around
I hear the birds sing a song
In the daylight
Then the frogs and the crickets
Play the rhythm of the nightCan you hear it?
I hear music everywhere (wowzer)
Everybody, can you hear it? (sha-pop-pow)
It's the sound that fills the air
Yes, I hear music everywhereThe wind through the trees
The buzzing of the bees
The rumble of the train
The pitter-patter of the rainCan you hear it?
I hear music everywhere (wowzer)
Everybody, can you hear it? (sha-pop-pow)
It's the sound that fills the air
Yes, I hear music everywhere
