

Erase You

Matt Cab

[Verse 1]

It's been a minute since I've seen you

And I've been trying to forget you

I know without you I'm a better man

But there's just one thing that I don't understand[Hook]

Give me a sign, did you really love me?

Give me a sign, did you really care?

Telling you why, for why did you leave me?

Telling you why, why weren't you[Chorus:]

I gave you more than my love, how could you break my heart?

I gave you more than I trust, how could you break my word?

I guess I wasn't enough, how could you break my heart?

How could you break my heart?

I gotta erase you, erase you, erase you

I gotta erase you, erase you, erase you

I gonna erase you, erase you, erase you

I gonna erase you, gonna put you out of my head[Verse 2]

All the times that we spent

All the love that we shared

I know, we can't, go back to how we used to be

'Cause it's, too late, our love has disappeared Give me a sign, did you really love me?

Give me a sign, did you really care?

Telling you why, for why did you leave me?

Telling you why, why weren't you I gave you more than my love, how could you break my heart?

I gave you more than I trust, how could you break my word?

I guess I wasn't enough, how could you break my heart?

How could you break my heart?

I gotta erase you, erase you, erase you

I gotta erase you, erase you, erase you

I gonna erase you, erase you, erase you

I gonna erase you, gonna put you out of my head[Bridge]

My girl, my friend, my lover

But now, was just a number

I should've known from the start

That you'd go breakin' my heart

'Cause' girl it's already hard just to love you I gave you more than my love, how could you break my heart?

I gave you more than I trust, how could you break my word?

I guess I wasn't enough, how could you break my heart?

How could you break my heart?

I gotta erase you
Erase ya, erase ya, erase ya
