

# Looking Back

## Kill Your Idols

You're living in a place you left behind  
Going 'round in circles all the time  
Can see the way your head, it's like you're blind  
So open your eyes and  
Time realign just what you got  
With what you nearly had and what you want  
You fall asleep and then the moment's gone  
So open your eyes and  
Yeah, hard to undo time  
Hard to separate my past from the wrong  
'Cause how can you separate milk from lime  
Waste my time  
Looking back  
You always seem to be looking back  
Feels like your mind's always somewhere else  
You're always looking over your shoulder  
Think about the places you could never be  
Beauty in the faces that you never see  
As you lie there sleeping, how the moment flies  
So open your eyes and  
Yeah, they say life makes us backwards  
Only you got to live it forward  
Don't waste your time, no  
Don't waste your time just looking back  
You always seem to be looking back  
Feels like your mind's always somewhere else  
You're always looking over your shoulder  
Looking back  
You always seem to be looking back  
Feels like your mind's always somewhere else  
You're always looking over your shoulder  
Am I the only one tryna fight off an army  
Of memories, dressed up, all tryin' to harm me  
I feel cocky running up the steps like Rocky  
Until the past comes flashing like paparazzi  
Nothing is new so I open my folder  
My favorite view is over my shoulder  
Everything backwards is my plight

It's landing first would end my flight  
Even my tears run up my cheeks, back in my eye  
    Live I die  
    Don't waste your time just looking back  
    You always seem to be looking back  
    Feels like your mind's always somewhere else  
    You're always looking over your shoulder  
    You always seem to be looking back  
    Feels like your mind's always somewhere else  
    You're always looking over your shoulder  
    You're always looking back  
    Over and over and over  
    You're always looking back
