

# Just for the Record

## Hank Cochran

I know our love is over you've made it plain to see

    But just for the record did you ever love me

I hope that you'll be happy cause I'm gonna try to be

But just for the record would you tell me did you ever love me  
Or was I just fillin' in while you waited for love  
    to come by

    Or did you once love me if you did why did it die

Now this is the last time I'll call you from this moment on you're free

    But just for the record I'd like you know did you ever love me
