Turn-u-out

Silk

Hey, yeah
Love you S I L K , 2,000 watts
Where we bring music to the future
Now, all of you Silk people
Listen to the record and you tell me
Exactly how you feel
You said a good love is too hard to find
That's 'cuz you ain't never had nobody
Make you lose your mind
All it takes is a little know how, sensitivity
I took some time to find out
What it takes my baby
To fulfill your need
So when you need someone, babe
(You need me)
To bring it on without a doubt
(Bring it on)
Just call on me, babe
I'll be right there to turn you out
Baby, I'm right here for ya
To kiss you and hold you tight
Give you some real good lovin'
Turn you out
Ease your mind and chill your body
Make you scream and shout
Love you all through the night
Turn you out
Well, make up your mind
What you want me to do
Do you want me to leave you alone, baby?
Or do you want me to love you?
I got all night, baby
I know you're a little scared right now
That's okay just come on
And close the door, baby
Let's make love anyhow
'Cuz you needed someone, baby
(You needed me)
To give you the love with no doubt

(Bring it on)
You doubt love, never baby
And now I'm here to turn you out
Baby I'm right here for ya
To kiss you and hold you tight
Give you some real good lovin'
Turn you out
Ease your mind and chill your body
Make you scream and shout
Love you all through the night
Turn you out
Break it down, I wanna know, babe
Did I make you feel real good tonight?
Did I make you sweat all over your sexy body, baby?
Did I make you trem', tremble?
Did I make you want some more?
Just tell me, tell me, did I turn you out?
Baby, I'm right here for ya
To kiss you and hold you tight
Give you some real good lovin'
Turn you out
Ease your mind and chill your body
Make you scream and shout
Love you all through the night
Turn you out
Baby, I'm right here for ya
To kiss you and hold you tight
Give you some real good lovin'
Turn you out
Ease your mind and chill your body
Make you scream and shout
Love you all through the night
Turn you out
Baby, I'm right here for ya
To kiss you and hold you tight
Give you some real good lovin'
Turn you out
