Don't stop
The bass is kicking
The bass is kickingI knew, you were the one, the only one
To give, my baby, to give my soul awayI knew, you were the one, the only one
To give, my baby, to give my soul awayI knew, you were the one, the only one
To give, my baby, to give my soul away
Shake your body, shake your body
Shake your body, go way downI knew, you were the one, the only one
To give, my baby, to give my soul away
Shake your body, shake your body
Shake your body, go way downI can't go on, stop rockin' the tune
'Cause I, get down, 'cause I, get down
'Cause I can't go on, stop rockin' the tune
