Where Did It All Go Wrong?

Oasis

Two, three, fourYou know that feeling you get
You feel you're older than time
You ain't exactly sure
If you've been away a whileDo you keep the receipts
For the friends that you buy?
And ain't it bittersweet
You're only just getting byBut I hope you know
That it won't let go
It sticks around with you
Until the day you dieAnd I hope you know
That it's touch and go
I hope the tears don't stain
The world that waits outsideWhere did it all go wrong?And until you've repaid
The dreams you bought for your lies
You'll be cast away
Alone under stormy skies, alone under stormy skiesBut I hope you know
That it won't let go
It sticks around with you
Until the day you dieAnd I hope you know
That it's touch and go
I hope the tears don't stain
The world that waits outsideWhere did it all go wrong?But I hope you know
That it won't let go
It sticks around with you
Until the day you dieAnd I hope you know
That it's touch and go
I hope the tears don't stain
The world that waits outsideAnd I hope you know
That it won't let go
It sticks around with you
Until the day you dieAnd I hope you know
That it's touch and go
I hope the tears don't stain
The world that waits outsideWhere did it all go wrong?
