

# If I Close My Eyes

**Barbra Streisand**

If I close my eyes  
I can fly  
If I close my eyes  
If I close my eyes  
I can fly I can drink the rain  
And taste the sky  
I can catch the wind  
And make it mine Like the sun I shine  
Suddenly a door  
Opens wide  
To a thousand paths  
I've never tried Follow, follow me  
I hear them say  
And you'll find  
Your way Maybe dreams a dream  
So that we can see  
Just how real the dawn  
Can be All the dawn can be  
Comes as no surprise  
If I simply close my eyes
