

# Girls

## Beastie Boys

Girls, all I really want is girls  
And in the morning, it's girls  
'Cause in the evening, it's girls  
I like the way that they walk  
And it's chill to hear them talk  
And I can always make them smile  
From White Castle to the Nile  
Back in the day  
There was this girl around the way  
She liked my homepiece MCA  
He said he would not give her play  
I asked him, "Please?" he said, "You may"  
Her pants were tight and that's ok  
If she would dance, I would DJ  
We took a walk down to the bay  
I hope she'll say  
"Hey me and you should hit the hay"  
I aksed her out she said, "No way!"  
I shoulda probably guessed her gay  
So I broke North with no delay  
I heard she moved real far away  
That was two years ago this May  
I seen her just the other day  
Jockin' Mike D, to my dismay  
Girls, to do the dishes  
Girls, to clean up my room  
Girls, to do the laundry  
Girls, and in the bathroom  
Girls, that's all I really want is girls  
Two at a time, I want girls  
With new wave hairdos, I want girls  
I ought to whip out my girls, girls, girls, girls  
Girls, girls, girls, girls, girls, girls, girls, girls, girls, girls
