## Princess Superstar

Oh my gosh, is this all for me, I feel like singing!

Golden Keys, cash on trees, raining men its all for me geez  
Everyone here got the name see wow they all like bowin' to me, I must be the King see  
Feelin' super Oompa Loopa boomin' in my jeep damn sweet super duper  
Ten washing machines ten jeeps on auction for me ten peeps to wash it for me  
Come this winter nobody shiver good swimmer get in my chocolate river  
Give me a kiss I'm a magic princess Wonder Woman shoot shit out my wrist  
This here is bliss everyone's sexy no more acne or Gap khakis  
I can solve all your problems just ask me  
And here all my black friends can get taxis  
Sparkle all my records gone Plat

I take it back, ain't no Billboard where I'm at  
Take a second I grab bad thought and wreck it check out my magic record  
Get a massage ten car garage livin' type large oh wait there's no more cars  
Fix the air for kicks this chicks in charge pick six Knicks tix free of charge  
Neck and neck deck to deck equal sex  
Best protect nothin' ain't nothin' more to protect  
No Smack no more attacks Mickey Mouse got our motherfuckin backs  
No ice just wax, no tax just spice, damn we feel nice  
No roaches or mice just coaches and kites comfy sofas and Sprites  
Everyone lives life how they like  
This this here is dynamite
