

# You Go to My Head

Tom Scott, Paulette McWilliams

Sweet love  
Hello  
Make a slave of me  
I should have more control  
Little dove  
Hello  
You take full advantage  
Of my open window When the cold of the night has washed away  
All I want is to wake in your arms  
And I know that I shouldn't let you stay  
But I'm a lush for your love You go to my head  
You go to my head  
You go to my head  
And you know I can never say no  
To you and your friend You call  
Oh no (you know you want him)  
Boy your heart swings in the wind  
From rose to rose  
Honeybee go home (please stay)  
To that warm nest you left minutes ago Yes I understand you give your time  
Can't you see I've given my heart  
All that light in your eyes is from the wine  
I'm such a lush for your love You go to my head  
You go to my head  
You go to my head  
And you know I can never say no  
To you and your friend
