

Howlin' Wolf

John Lee Hooker

I'm a howlin' wolf
I've been howlin' all 'round your door
I'm a howlin' wolf
I've been howlin' all 'round your door
I see your smiling face
You won't hear me howl no more When I start to howlin'
Dig me a hole down in the ground
When I start to howlin'
Dig me a hole down in the ground Some people call me a black panther
But my baby, she knows the way I sound I howled all night long
Everyday I lays up and take my sleep
I howls all night long
Everyday I lays up and take my sleep
