Doctor Me

Great White

Hey, hey, momma, well my box don't play
My strings is rusted, they're all frayed away
Hey, hey what now, my drive is shot
I'm all tied up inside a misery knotAin't no dancin', got no tango feet
I'm jammin' traffic down on my love street
Now I don't know what I ought to do
I've lost the lock on my groove with youSo what now honey, so I'm screwed up too
But I can't fit without my piece of you
Without your touch I won't pull through
I burn a fever like a hoodoo stewSo doctor me, baby, down to my soul
I need love to break its stranglehold
Doctor me baby, down to my soul
I need a love to bring me out of the coldWell there ain't no words that I know to say
To make it better lord in any way
Sister, Sister, my need is you
This heart is hopin' you can treat it tooSee my blood's on fire, yet I feel so cold
Oh baby touch me, make this feelin' go
Can't you see what you need to do
I feel better when I'm touched by youSo doctor me baby, down to my soul
Oh little baby, don't cha slip away
Your love in motion takes my pain away
