

# Lady Deny

## Babylon Bombs

Like a warm hot summer breeze  
She-Devil so hard to please  
Your heartâ€™s kickinâ€™ getting weak in the knees  
Rocket Queen first class tease

Talkinâ€™ a another round just you and jack  
Power trippinâ€™ on acid your mind goes black  
You know what they say  
Where thereâ€™s a whip, thereâ€™s a way

You know you have no chance  
There will be no last dance

All the kings horses, alright  
All the kings men, oh yeah  
Ainâ€™t got a hope in hell, alright  
Theyâ€™re all going back to the wishing well  
And all I got was a lie, from lady deny

Champagne and sweet velvet dreams  
But you know itâ€™s not what it seems  
So hard to refuse but youâ€™ll end up abused  
Cracked wide open and bruised

You better get back up on the horse  
Heart shaped behinds got that force  
You know what they say  
Where thereâ€™s a whip, thereâ€™s a way

All the kings horses, alright  
All the kings men, oh yeah  
Ainâ€™t got a hope in hell, alright  
Theyâ€™re all going back to the wishing well  
And all I got was a lie, from lady deny

â€˜cause all I ever wanted were you  
and all I ever got was a lie, from lady deny
