

Serious Trouble

[Emika](#)

And I'm crying in my sleep
Why do you waste your time on me?
Boy if you knew the trouble I was in
How would you love me then? And I'm crying in my sleep
Why do you waste your time on me?
Boy if you knew the trouble I was in
How would you love me then? And I took you to the edge
Million ways to spin the truth
Now you see, I love destruction
Go on and punish me
So wrong, punish me
So wrong, punish me
So good, planets are melting And I'm crying in my sleep
Why do you waste your time on me?
Boy if you knew the trouble I was in
How would you love me then? And I'm crying in my sleep
Why do you waste your time on me?
Boy if you knew the trouble I was in
How would you love me then? Now you see, I love the trouble
Go on and punish me
And I'm crying in my sleep
Why do you waste your time on me?
Boy if you knew the trouble I was in
How would you love me then?
How would you love me then?
How would you love me then?
