

Release Me Now (feat. Nature Boy Jim Kelly)

Morcheeba

Where there's a will there's a way, you can get it
The old daily grind drags you down, if you let it
We all soldier on, holding our head up high Shoot from the hip make it quick but don't sweat it
Or here's a tip, zip your lip and forget it
Whichever way, worries gonna waste your time Oh release me now
We don't need this anymore
Just release me now
Work out what we're fighting for Don't be a fool blow your cool burning bridges
Use self control good as gold, get the riches
It all boils down, down to what we want Don't dwell on doubt cast it out and dispel it
Seen tougher times and survived, lived to tell it
You've heard all the words, and now you gotta get it done Oh release me now
We don't need this anymore
Just release me now
Work out what we're fighting for Oh release me now
We don't need this anymore
Get relief somehow
Work out what we're fighting for
