

Don't Be Light

Air

Don't be lightDon't be light
Don't be light
Maybe like meDon't be light
Don't be light
Don't be light
Maybe like meDon't be lightDon'tDon't
Don't be light
Don't
Maybe like meDon't be light
Don't be light
Don't be light
Maybe like meDon't be lightDon't be light, don't be light
Ahh, wild life
The gray surprises of our days
Singing in caves
Fabricating a new abandonWe don't see the master's hand
We bang on gold tambourines
In the cross hairs of some transient gun
Trading desires on the banquet lineLa la la
La la la
La la laDon't
Don't be light
Don't
Maybe like meDon't be light
Don't be light
Don't be light
Maybe like meDon't be light
