

Honeybee

Lee Dresser

There's been a murder

In my kitchen

I hit him hard

I hit him fast

I watched him die

And for the life of me

I'm still missing

A good excuse

Explanation

A reason why

Don't you cry for me

In the penitentiary

I did the crime

I'll do my time

And I'll be here

For another 40 years

Haunted by the buzz

Stupid honeybee

Although it hurt me

I still know better

I'm a killer

It's a fact

I can't deny

And when the deputy

Came a-looking

He took me down

I did confess

I did not lie

Don't you cry for me

In the penitentiary

I did the crime

I'll do my time

And I'll be here

For another 40 years

Haunted by the buzz

Stupid honeybee

Oh honeybee

Have mercy on me

On my knees I beg
Honeybee
You're torturing me
This must be that honeybee's revenge
Let's go!
Don't you cry for me
In the penitentiary
I did the crime
I'll do my time
And I'll be here
For another 40 years
Haunted by the buzz
Stupid honeybee
