## Julian (B-Side)

## **Circa Survive**

Who left the lights on Julian?

made promises, broke them enough for being said
 who left the lights on Julian?

they come, waking the whole house up
 you've been longing for...
 wake them up

you've been longing for being too honest
 aming without cause
 who left the lights on Julian?

made promises, broken them enough
 who left the lights on Julian?

I'll be wrong, waking the whole house up
