

# What's Now Is Now

## Cake

You should've told me when it all began  
You should've told me long ago  
Someday I know you're gonna find  
Just one mistake is not enough to change my mind  
What's now is now  
And I'll forget what happened then  
I know it all  
And we can still begin again  
And if the doubting faces made you go  
It's only mine that matters now  
Those looks will soon begin to fade  
If you come back and show them all, you're not afraid  
What's now is now  
And I'll forget what happened then  
I know it all  
And we can still begin again  
Now that you know, how much I understand  
You have no reason to be gone  
And if you feel at all like me  
Just let me know, I'll make it like it used to be  
What's now is now  
And I'll forget what happened then  
I know it all  
And we can still begin again  
What's now is now  
And I'll forget what happened then  
I know it all  
And we can still begin again  
What's now is now, now is now
