

# Make U Scream

## Cassidy

I'd like to make sweet love to you  
What you say you tryin' to do, huh?

I'll make you scream like

And shout like and sing

Do di do do di do do do

Now what you say?

I'd like to make sweet love to you

You ain't right for me girl

Listen I'll make you scream like

And shout like and sing

Do di do do di do do do

Now what you say?

I'd like to make sweet love to you

Okay

I was told you ain't got it nice until you got a wife

But now I'm a baller 'cuz, never gone fall in love

Psyche that's a damn lie

Ladies put ya hands high

Every man should try to get a woman to stand by

It's called devotion, emotions could make a man cry

But ma wipe ya tears and just stare in that man eyes

Prove that you there for him, prove that you care for him

That's how you gotta act, prove that you got his back

Prove that you not a rat

Don't creep and ho around, hold him down

'Cause you know what comes around goes around

And I'm older now and it might sound kinda weird

But man all them damn AIDS commercials got me kinda scared

I'd like to make sweet love to you

What you say you tryin' to do, huh?

I'll make you scream like

And shout like, and sing

Do di do do di do do do

Now what you say?

I'd like to make sweet love to you

You ain't right for me girl

Listen I'll make you scream like

And shout like, and sing

Do di do do di do do do

Now what you say?  
I'd like to make sweet love to you  
You ever laid on some pink mink sheets blowin' swishers  
Holdin' on some champagne while doing ya damn thang  
Caressin' on the world main, adressin' you is no pain  
Betty Wright is playing, no pain no gain  
I did it for the hell of it, hit it now you tell a bitch  
Now she want a little bit, I did it for the smell of it  
It's relevant and evident, yeah girl you heaven sent  
I love the way you break and take all the evidence  
Pimpin' cause I'm staying in your mothafucking residence  
While you out bringing me back the dead presidents  
You can say that I got you  
I do it cause I have to, plus I feel like I got too  
I'll make you scream like  
And shout like, and sing  
Do di do do di do do do  
Now what you say?  
I'd like to make sweet love to you  
You ain't right for me girl  
Listen I'll make you scream like  
And shout like, and sing  
Do di do do di do do do  
Now what you say?  
I'd like to make sweet love to you  
Sis if you make love to me, kissin' and huggin' me  
Lickin' and rubbin' me, it'll get ugly  
The bed got a mink spread getting all cuddly  
Pop bub' the hot tub getting all bubbly  
You don't even gotta ask, all my girls got it bad  
Closet full of Prada bags and I ain't even gotta brag  
Yeah I keep them looking real, go 'head you can push the wheel  
And if ya face tough I might wake up and cook a meal  
Whatever you ask for it's yours  
We can go to my bungalow over in Tahiti with the glass floors  
Fish swimming 'round, the moonlight shimmer down  
I got the bomb stroke, girl get ya spine broke  
I'll make you scream like  
And shout like, and sing  
Do di do do di do do do  
Now what you say?  
I'd like to make sweet love to you  
You ain't right for me girl  
Listen I'll make you scream like  
And shout like, and sing

Do di do do di do do do  
Now what you say?  
I'd like to make sweet love to you  
I'll make you scream like  
And shout like, and sing  
Do di do do di do do do  
Now what you say?  
I'd like to make sweet love to you  
You ain't right for me girl  
Listen I'll make you scream like  
And shout like, and sing  
Do di do do di do do do  
Now what you say?  
I'd like to make sweet love to you
