

# Checkin' It Out

## Van Morrison

We've got to put our heads together  
I'm sure that we can work it out  
I'm weighin' up the situation  
And checkin' it out  
Takin' it further  
Takin' it further  
Checkin' it out This is a workin' situation  
I'm tellin' you without a doubt  
We've gotta pull it all in tight, baby  
Checkin' it out  
Takin' it further  
Takin' it further  
Checkin' it out And all the obstacles along the way  
Sometimes may feel so tremendous  
There are guides and spirits all along the way  
Who will befriend us Let's talk it out across the table  
Make sure that we leave nothin' out  
Get into it like a meditation  
Start checkin' it out  
Takin' it further  
Takin' it further  
Checkin' it out And all the obstacles along the way  
Might be tremendous  
There are guides and spirits all along the way  
Who will befriend us Let's talk it out across the table  
Make sure that we leave nothin' out  
Get into it love meditation  
Start checkin' it out  
Takin' it further  
Takin' it further  
Checkin' it out Checkin' it out, now baby  
Checkin' it out checkin' it out  
You meditate, you meditate  
You meditate  
And you come back  
You come back
