

# Breadandbutter (Duvchi Remix)

## El Perro del Mar

We all come from the belly bottom, belly bottom  
We all come from the belly bottom, belly bottom  
We all come from the belly bottom, belly bottom  
We all come from the same same atom atomWe all start from the bottom, the very bottom  
We all start from the very bottom, very bottom  
We all start from the bottom, the very bottom  
We all start from the same very bottom bottom  
We all come for butter, bread and butter  
We all come for the bread and butter, bread and butter  
We all come for butter, bread and butter  
We all come for the same bread and butter butterThey, they keep making us live for daydreams  
They feed us a daydream  
And we, we need something real  
We can't eat a daydream.  
We all come from the belly bottom, belly bottom  
We all come from the belly bottom, belly bottom  
We all come from the belly bottom, belly bottom  
We all come from the same same atom atomBelly Bottom, belly bottom  
From the belly bottom, belly bottom  
From the belly bottom, belly bottom  
Come from the same belly bottom bottomWe all start from the bottom, the very bottom  
We all start from the very bottom, very bottom  
We all start from the bottom, the very bottom  
We all start from the same very bottom bottom  
We all come for butter, bread and butter  
We all come for the bread and butter, bread and butter  
We all come for butter, bread and butter  
We all come for the same bread and butter butter  
They, they keep making us live for daydreams  
They feed us a daydream  
And we, we need something real  
We can't eat a daydream.They, they keep making us live for daydreams  
They feed us a daydream  
And we, we need something real  
We can't eat a daydream.
