Nuff cutchi man nuff a dem run go shave
Woi, I'd rather to be
With the people I lead
Give dem my daily strength
And showing dem a dearly need
And I'd rather to see

That's the only way di ghetto youths a go achieve
And I rather to be
With the people in need
Babylon system only come yah so fi deceive
I rather to listen a nah to word receive
Dem a go cut di woman breast and bust di man dem seed

Black people back up an yard inna di east
Tell di Indian say fi go look fi dem chief
Tell di white man from a Europe, go island seek
Hey, Rastaman no got no secret a keep
There will be a weeping an a wailing an a gnashing of teeth

Come out inna di clear, behind wall dem a peep
Nothing fi di white man, black man nah do it
