Every Little Thing I Do

Soul For Real

You are on my mind

You are on my mindEvery little thing I do you're on my mind

The way I feel lately, it's driving me crazy

Every little thing I do you're on my mind

I can't get over you, I think about you all the timeCan't you see what you do to me

I think about you all the time

My mind is hazy and I'm mixed up feeling crazy over you

Let's not waste anytimeEvery little thing I do you're on my mind

The way I feel lately, it's driving me crazy

Every little thing I do you're on my mind

I can't get over you, I think about you all the timeRound and round I go, where I'll stop only you know

I guess it's all in my mind

Take your time think it over let me know

What you wanna do, baby it's so goodEvery little thing I do you're on my mind

The way I feel lately, it's driving me crazy

Every little thing I do you're on my mind

I can't get over you, I think about you all the timeEvery little thing I do you're on my mind

You're on my mind, hey

Every little thing I do you're on my mind

You're on my mindEvery little thing I do you're on my mind

You're on my mind

Every little thing I do you're on my mind

You're on my mind, heyEvery little thing I do you're on my mind

The way I feel lately, it's driving me crazy

Every little thing I do you're on my mind

I can't get over you, I think about you all the timeEvery little thing I do you're on my mind

The way I feel lately, it's driving me crazy

Every little thing I do you're on my mind

I can't get over you, I think about you all the timeEvery little thing I do you're on my mind

The way I feel lately, it's driving me crazy

Every little thing I do you're on my mind

I can't get over you, I think about you all the timeThe way I feel lately, it's driving me crazy

Every little thing I do you're on my mind

You're on my mind, hey

Every little thing I do you're on my mind

You're on my mind, heyEvery little thing I do you're on my mind

You're on my mind, hey

Every little thing I do you're on my mind

You're on my mind, heyEvery little thing I do you're on my mind

You're on my mind, hey
Every little thing I do you're on my mind
You're on my mind, hey
Every little thing I do you're on my mind
