[B Stout-Chorus:]
This is how the story goes
Iâ€™ve been burned oh so deep,
I donâ€™t trust these hoes, these hoes, these hoes.
And youâ€™re the main reason
Arygiâ€™s got trust issues
And my heartâ€™s turned cold, so cold, so cold.
This is how the story goes

[Aryginal-Verse 1:]
I remember I was heads over heels for you
Yeah I would kill for you
Aim the steel for you
I left nuccasâ€™ heads peeled for you
That one night I slammed your uncle through that steel door
Because yall was arguing and he called you a lil whore.
Dude on your block that was mugging me all the time
You said he was jealous, had a crush on you since he was five.
I showed up in your hood, when you werenâ€™t there
Me and him talked a little bit, it all became clear.
He hit you up on speakerphone
Yeah shorty I heard it all
How you love him, how you miss him, same shit I was chewing on
Then you showed up at his home
Ready to get it on
Iâ€™m in the closet, watching you disrobe, clutching my chrome.
He helped me set you up but I donâ€™t see dude as a friend
He donâ€™t get a pass, cause he knew that you was my chic.
Even though he was pluggin before I, I came through that door
Looked him in the eye and dropped homie to the floor.
Then I glanced at you with disgust
Aryginal at 17, heartbroken likeâ€¦what happened to us,

Tears started pouring down your eyes
All I can think about is you saying you pregnant and me thinking itâ€™s mine.
Damn ma, I was in love with you
I trusted you
Till I found out how many men fucked with you
made me sick, the thought of them nuccas touching you
Ever since then, Arygiâ€™s had trust issues.
Because of you, you, you.

[B Stout-Chorus:]
This is how the story goes
Iâ€™ve been burned oh so deep,
I donâ€™t trust these hoes, these hoes, these hoes.
And youâ€™re the main reason
Arygiâ€™s got trust issues
And my heartâ€™s turned cold, so cold, so cold.
This is how the story goes

[Aryginal-Verse 2:]
I admit, I was lost for a while
Because there was still a slim chance that I fathered that child
So I came to you that next month, you said you couldnâ€™t take the pain of not knowing so you aborted that child.
(what the fuck)
But naw, not at a clinic
I guess that shit was too expensive so you personally did it
Took a hanger to your unborn, thatâ€™s just sickening
I couldâ€™ve strangled you just then.
(crazy broad)
From months on out you kept calling and pleading
For me to take you back, you must be dreaming
I mean you scared a nigga deep, Iâ€™d never look at a another woman the same, mother couldnâ€™t soothe me so I went looking for senior.
Daddy where you at? Your son really needs you now
Time to make up for not being there so Iâ€™m reaching out
I really need to speak about
My first heartbreak with a chic, my heartâ€™s about to turn cold and I donâ€™t need that now.
To make the story line stranger
Now you claiming
your older sonâ€™s my baby
Pauseâ€¦aint that the same kid you said you aborted
11 years later now you deem that shit as important
I think you just love to fuck wit me
But before I assume custody I need proof he got the same blood as me
And thatâ€™s where the problem lies
I want the paternity test but you wont oblige

Cause you a lying broad
FUCK YOU!

[B Stout-Chorus:]
This is how the story goes
Iâ€™ve been burned oh so deep,
I donâ€™t trust these hoes, these hoes, these hoes.
And youâ€™re the main reason
Arygiâ€™s got trust issues
And my heartâ€™s turned cold, so cold, so cold.
This is how the story goes
